SUMMARY

Experienced Front-End Developer with 2+ years of expertise in designing and developing user interfaces using React.js, HTML5, CSS3, and JavaScript (ES6+). Proficient in collaborating with product and design teams to build intuitive and visually appealing interfaces for web applications. Strong skills in deployment of an application, API integration, and unit testing. Focused on writing clean, maintainable, and scalable code, and committed to delivering high-quality, performance-optimized UI components.

WORK EXPERIENCE

Capgemini, Pune

May 2022 – March 2024

Software Engineer

- Developed user interfaces for a talent experience platform using React.js, HTML5, CSS3, and JavaScript (ES6+), enhancing user experience and functionality.
- Collaborated with product and design teams to create responsive and visually appealing UI components.
- Wrote clean, maintainable code that adhered to industry standards, reducing technical debt and improving scalability.
- Integrated RESTful APIs with authentication for efficient data communication between frontend and backend.
- Conducted unit testing with Jest and React Testing Library, reducing post-deployment defects by 15% and ensuring code quality.
- Improved UI/UX by staying updated with design trends, enhancing user engagement.
- Optimized reusable React components, increasing development efficiency and reducing time by 20%.

TECHNICAL SKILLS

- Front-End Development: React.js, Redux, JavaScript (ES6+), HTML5, CSS3
- API Management: RESTful APIs, API Authentication
- Testing: Unit Testing (Jest, React Testing Library)
- Version Control Systems: Git, GitHub
- Database: SQL
- Development Tools: NPM, Vite, Axios, Webpack, Babel

PROJECTS

- **CrickDex:** CrickDex - A player identifier app where users can upload a photo, and the AI analyzes it to provide player details.
- **QuestionX:** QuestionX - A chatbot application that answers user queries based on their input, providing a seamless interaction experience.
- **Shopper Avenue:** Shopper Avenue - An e-commerce store that allows users to browse products, add them to the cart, and make purchases.
